EDUCATION

University of North Carolina at Charlotte | Charlotte, NC

August 2022 - May 2026

B.S. in Computer Science, Concentration in Software, Systems, and Networks

EXPERIENCE

UNC-Charlotte OneIT Enterprise Infrastructure | Charlotte, NC

May 2025 - May 2026

Associate Network Technician

- Resolved daily end-user and infrastructure service tickets using the campus ticketing system, documenting work performed, escalating complex issues to senior technicians, and tracking requests through completion
- Deployed, maintained, and troubleshooted campus network infrastructure across multiple locations, including UPS systems, port activations, sensors, WiFi heat mapping surveys, and data closet audits
- Assisted senior technicians with network device configuration and server-side port activation to support reliable connectivity for campus users and departments

PROJECTS

Solana Wallet Tracker | Personal Project

June 2026

- Built a Python and SQL project that fetches, parses, and stores Solana blockchain transaction data from a REST API into a structured SQLite database
- Designed and queried a relational database to generate terminal-based summary reports — including transaction volume by type, fee totals, and token swap details

PickFix | Senior Capstone

January 2026 - May 2026

- Led project management for a cloud-based ticketing system by taking initiative on weekly meetings, communicating requirements to all team members, creating tickets along with user stories, and mapping out sprints using Jira
- Contributed to QA testing and AWS feature implementation – Lambda, EC2, S3, CloudFront, RDS
- Delivered the project presentation to classmates and professors by leading the live demo, walking through key features, and explaining the technical implementation

LEADERSHIP EXPERIENCE

UNC Charlotte Men's Volleyball Club | Charlotte, NC

May 2022 - May 2026

Team Captain / President

- Managed semester budgets averaging \$10,000, compliance, logistics, and on-campus relations while delegating tasks to 8 club officers and leading weekly officer presentations
- Led the planning for the first Men's Volleyball game hosted on campus in the Halton Arena with an attendance of 175+ spectators and players
- Partnered with the Office of Sustainability to have a designated campus cleanup spot to clean twice a semester
